AYER'S
**Cathartic Pills**
(SUGAR COATED,)
ARE MADE TO
ANSE THE BLOOD AND CURE THE SI
valids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF
**ndache, Sick Headache, Foul Stomach**

J C AYER Sir I have been repeatedly cured of headache [illegible] It seems to [illegible] If they will cure [illegible] knowing [illegible]
ED W PREBLE Clerk of Steamer Clarion

**lious Disorders and Liver Complaints.**
PARTMENT OF THE INTERIOR WASHINGTON D C Feb [illegible] I have used your Pills [illegible] best cathartic [illegible] is quick and decided consequently they are an admirable remedy for derangements of that organ. I have found a case of bilious disease so obstinate that it did not yield to them. Fraternally yours ALONZO BALL, M D Physician of the Marine Hospital

**Dysentery, Relax, and Worms.**
POST OFFICE HARTLAND LIV CO MICH, Nov 15, 1856. AYER Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense but got no better [illegible] commenced [illegible] ms (lead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctor's bills, and lost much time without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO J GRIFFIN Postmaster

**digestion and Impurity of the Blood.**
From Rev J V Himes Pastor of Advent Church Boston
AYER I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J V HIMES

WARSAW WYOMING Co N Y Oct 24, 1855. DEAR SIR I am using your Cathartic Pills in my practice and find them an excellent purgative to cleanse the system and purify the fountains of the blood.
JOHN G MEACHAM, M D

**ipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.**
From a Forwarding Merchant of St Louis Feb 4, 1856. AYER Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.
ASA MORGRIDGE

**Rheumatism, Neuralgia, and Gout.**
From the Rev Dr Hawkes of the Methodist Epis Church.
PULASKI HOUSE SAVANNAH GA, Jan 6, 1856. HONORED SIR I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr Mackenzie, I tried your Pills. Their effects were slow but sure. By persevering in the use of them I am now entirely well.
SENATE CHAMBER, BATON ROUGE, LA, 5 Dec, 1855. DR AYER I have been entirely cured by your Pills of Rheumatic Gout — a painful disease that had afflicted me for years.
VINCENT SLIDELL

**Dropsy, Plethora, or kindred Complaints,** requiring an active purge, they are an excellent remedy.

**Costiveness or Constipation, and as a Dinner Pill,** they are agreeable and effectual.

**Fits, Suppression, Paralysis, Inflammation,** and even **Deafness, and Partial Blindness,** have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

**ER'S CHERRY PECTORAL**
FOR THE RAPID CURE OF
**HS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,**
and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

The Daily Oregonian.

No flag but the Old Flag—the Red White and Blue
With the stars of a Union unbroken and true
Arise and defend it ye sons of the brave
Whose blood bought the banner your valor must save

FRIDAY MORNING DEC 11, 186

**Prentice**.—The editor of the Louisville *Journal* possesses a singular versatility of wit, stupidity, patriotism and Copperheadism He condemns the arming of colored troops curses the abolitionists is in favor of perpetual slavery, has had two sons in the rebel service (one of whom was killed) opposes the Administration, and yet writes the most violent articles and launches the shafts of his wit against traitors and treason He is a dangerous man and Union papers should cease to give him notoriety by quoting from his paper We appeal to the press of this State to drop him or quote him only to damn him —*San Jose Mercury*

We concur Any *Union* man who endorses Vallandigham must be of singular organization The Devil might as well profess Christianity Let the Louisville *Journal* slide we say, since the editor has shown the weakness and barefacedness of supporting one of the vilest traitors in the land How much better is Prentice than Vallandigham —*Marysville Appeal*

We acknowledge that there is no excuse for Prentice, but if he, with the collar of Kentucky round his neck and the shackles of slavery on his feet deserves condemnation what shall be said of a professedly Union Senator or of Federal office holders under the present Administration, who declared that the election of Vallandigham was preferred by them to that of an Abolitionist? For such, there can be no apology whatever and only that fearful looking for of judgment, and righteous indignation with which a free and patriotic people will be sure to visit unfaithful public servants, who have deceived them, and who at least sympathize with traitors

**Owning Up**.—California papers, which have been skeptical about our Northern mines of late, acknowledge their wonderful value The glittering ore has illuminated their reluctant and obdurate vision The *Appeal* says that "the large shipments of treasure to San Francisco by the Oregon steamers is proof positive of the growing richness of the Northern mines"

**The Truth Confessed**.—Slave holders are beginning to see the supreme folly of creating a revolution for the purpose of placing the peculiar institution on a more firm and substantial basis The unconditional Union men of Maryland, in their address to the people of that State, use this language "The substance of slavery is gone, and the sooner the skeleton is removed, the better it will be for the true interests of the State and nation!"

The *Weekly Oregonian* entered its fourteenth volume on the 21st inst The *Oregonian* is among our best exchanges, and we wish it great success —*Marysville Appeal, Nov 30th*

We thank the *Appeal* for its good word and wish Approbation from such a source far outweighs the petty revilings of flunkeys, whose pretended Union sentiments are bought or hired, and are of about as little consequence as their recent sympathy with secession

**The Progress of Radicalism**.—St Louis gave 4,953 for the Conservatives at the State election, and 6 529 for the Radicals! "One year from this time," says the St Louis *Democrat*, "Radicalism will be triumphant in Missouri, as in every loyal State in the Union There is scarcely anything in the future more certain than this"

## Boise vs Carriboo

Olympia, Nov 27th 1863

Editor Oregonian

An article in your Daily of the 20th inst, headed "Boise preferred to Carriboo" makes me the authority for statements not intended to be conveyed by me

I do not regard the Carriboo mines as worked out There will be mining for years to come on Williams, Lowehee and Lightning creeks I think as many pounds of gold were taken out this year as last and a large portion assayed as high as $18 to 100 to the ounce, but the mining is done by fewer persons

Many pack trains have left for the Boise mines owing perhaps chiefly to the fact that the Lillooet and Yale wagon roads have reduced the price of freight and made business unprofitable for pack trains Arrangements made for transportation on sleds during the present winter, from the mouth of Quesnelle river to Williams creek by distributing forage and grain along the route and parties have contracted freight at 12 cents a pound

The Shuswap mines were discovered last spring and though not more than a dozen persons had prospected or mined there up to September 1st, about forty are wintering there The creek is a large one about fifteen yards across and is in British Columbia about 50 miles from the Canadian settlement on Lake Okanagan At this settlement oats barley and tobacco have been grown to perfection during the last season Shuswap creek has been prospected for about five miles of its length and bids fair to yield with the common rocker with the aid of quicksilver, from $2 50 to $15 per day to the hand

I have not myself been at the Boise mines, but from information derived from friends and acquaintances there and who have come from there I am satisfied that they are preferable to Carriboo, for the laborer and men without means

By giving this note an insertion you will confer a favor and relieve me from the responsibility of statements which have been attributed to me Yours E D Warbass

The article alluded to by Mr Warbass did not assume to be wholly and simply his statement, but contained the deductions of the local reporter from the statements of Mr W

### SUCCESSFUL SKIRMISHING AND BATTLE

### Exciting News from Charleston!

### Grant still Pursuing Bragg.

### SHERMAN CUTS OFF TWO THOUSAND REBELS

### REBEL RAILROAD DESTROYED

### CLORIOUS NEWS FROM BURNSIDE.

### Longstreet Routed.

### Wheeler's Division of 5000 Rebels Captured.

### Good News from Louisiana and Texas.

Washington Nov 27 —Our troops broke camp yesterday morning and marched to and the Rapidan in three columns The right, consisting of the 3d corps supported by the Sixth crossed at Jacob's Ford The Second crossed at Germanna Ford The Fifth supported by the First crossed at Culpepper Ford, between Germanna and Ellis Fords A little skirmishing occurred at Culpepper Ford and Jacobs Ford the rebel pickets retreating as we advanced There were strong works opposite Germanna Ford but our artillery on the left bank flanked them and they were abandoned

The latest reliable intelligence is that Lee's force will not exceed 50 000 men Ewell has been relieved from the command of his corps in consequence of disability and is succeeded by Early This corps has fortified its position from a point near Mountain Run south of the Rapidan following the crest of the hills westwardly to the railroad where it connects with A P Hill's corps which covers the Rapidan and thence extends westwardly The enemy's right flank is near Mountain Run, protected by a line of works diverging from the river defenses and running south, and then southwest The rebel position resembles our position at Gettysburg Our crossing points are therefore all between the Rappahannock and the rebel position Shortly after nine this morning heavy cannonading commenced and continued till five P M, without intermission A battle probably ensued, along both sides of the plank road to Orange Court House as this was expected to be the battle field

At 9 30 this morning the whole army trains and all was across the river [illegible] of the enemy One corps took the road toward Chancellorsville Another went toward Orange Court House The men were in jubilant spirits and anxious to meet the rebels [illegible] troops [illegible] Fredericksburg Heights which are now occupied by our cavalry

The Washington *Star* of November 28th says that yesterday morning our cavalry pushed as far as Locust Grove four miles south of Germanna Ford where they met the advance of the rebel cavalry The latter were driven across [illegible] Creek and Mile Run A body of rebel infantry was posted between that point and Orange Court House which also moved in the direction of the latter place

Locust Grove is within a short distance of the Wilderness where Hooker fought his battle, and thence to Mountain Run where Early's corps is said to be in force is six miles Orange Court House is about ten miles farther in a south west direction

Chattanooga, Nov 27th —The situation tonight is highly satisfactory Hooker's Palmer's and Sherman's commands are nearly ten miles beyond Chickamauga creek in pursuit of Bragg's crumbling army, which is making every effort to escape Our advance is near Dalton In a sharp fight this morning Palmer's advance took four guns and 300 prisoners Sherman is reported to have advanced from Tyler Station on the left of the division and cut off 2 000 rebels All reports agree that the road along which Bragg is retreating is lined with wagons caissons and commissary and medical stores Prisoners taken say it is impossible for the rebel leaders to make their troops stand

Colonel Long's cavalry command has returned from a raid on the East Tennessee railroad to night. They destroyed the road for fifteen miles above and burned the foundry at Cleveland, where a large quantity of munitions of war was stored and also a hundred wagons loaded with baggage and captured 400 prisoners Colonel Long was subsequently attacked by a superior force of rebels, but succeeded in bringing off his prisoners

Our loss in the three days fighting will probably not exceed 4 000

New York, Nov 28th —A special despatch to the *Times* says Among the prisoners captured at Chattanooga were a large number of Pemberton's men paroled at Vicksburg Grant has telegraphed to Washington to ascertain what disposition he shall make of these faithless scoundrels

The *Times* special despatch says The official statement of our losses at Chattanooga on Monday Tuesday and Wednesday at the storming of Lookout Mountain makes the total three thousand killed and wounded and in the assault on Missionary Ridge two hundred Our wounded are all in

The steamer *Wadsworth*, from New Orleans November 21st has arrived The *Era* has a dispatch from the Mobile papers of November 18th, to the effect that Charleston had been burning sixty three hours and Gilmore's shells were constantly making it worse Nearly all the men in Sumter had been killed by the fall of the remaining wall, under which they had taken shelter

The brig *Volante* with a general cargo arrived at New Orleans November 10th, a prize to the gunboat *Virginia*

Kirby Smith had ordered the withdrawal of the rebel troops from Alexandria

New Orleans, November 21st —Reports from the Mississippi river are to the effect that a rebel force of 5 000 or 10 000 is trying to concentrate at some place on the river not far above Port Hudson A portion of this force with four pieces of artillery attempted to stop the steamer *Iberville* a few days since The rebels are very active along the river from Baton Rouge to the Mississippi State line All preparations have been made for concentrating and planting batteries to obstruct the commerce of the river

The British brig *Dashaway* with a valuable cargo was captured while entering the Rio Grande

The Nassau *Guardian* has the following The Spanish troops in Porto Plata number three thousand A Provisional Dominican Government had been formed in Santiago Blockade runners are very active No less than fourteen having arrived at Nassau from Wilmington, since the 28th of October

Cincinnati November 28th —John Morgan and six of his officers—Captains Bennett Taylor Sheldon, Hines Hockersmith and McGee—escaped from the Columbus State Penitentiary last night by digging through the floor of the cell to the sewer leading to the river A thousand dollars reward is offered for the arrest of Morgan

Washington Nov 29th —A messenger who left Meade's headquarters yesterday morning arrived at Washington to night The army moved from the different fords at six o'clock on Friday morning (27th) and formed a line of battle the center resting on the Fredericksburg turnpike The left rested on the plank road forming a curve toward Gordonsville and the right terminating near the Rapidan west of Jacobs Ford

As the center advanced it came upon the enemy's skirmish line Subsequently the enemy's line was strengthened by reinforcements [illegible] on the Rapidan from [illegible] slow irregular cannonading was ordered to the road leading toward Orange Court House There was considerable firing between the skirmishers The enemy did not reply with artillery

At four o'clock it was announced that Hill's corps which previously rested on the Rapidan west of the railroad was approaching on the center In a half hour heavy musketry firing was heard on the right wing, that the Third Corps forming the right was engaged Gen Gregg's cavalry on the left had a severe fight with the rebel cavalry and drove them back upon the infantry and then fell back themselves upon the fifth corps who in turn drove the rebel infantry back [illegible] position on the left wing A portion of Warren's second corps held them for several hours until the remainder of the corps came up when the rebels fell back

General French's loss is estimated at five hundred killed wounded and prisoners Gen French commanding the third corps has reported 200 rebels captured

The above is all the intelligence that has been received concerning the operations of the [illegible] The enemy's skirmishers were reported in the woods a mile or so

[illegible]

forage will not be exhausted until after the 10th of December There is therefore no apprehension of danger from a movement to cut him off from his base of supplies

A refugee from Richmond who recently arrived within our lines furnishes the following estimate of the present force of Lee's army Ewell's corps—now commanded by Early—20 000 to [illegible] 000 infantry with six batteries of artillery A P Hill's corps 20 000 infantry with five batteries of artillery Stuart's cavalry, 8 000, with two batteries of flying artillery Making in all 44 000 infantry 8 000 cavalry and 78 pieces of cannon [illegible] the batteries are all complete He also confirms the death of the rebel Gen Posey and the statement that Lee would retire to Charlottesville on account of ill health

The railroad between the Rapidan and the Rappahannock has been destroyed by our forces and the iron sent to Alexandria Up to this morning the rails have been removed to within a half mile south of Rappahannock Station

Headquarters Army of the Potomac November [illegible]th—10 40 A M —The enemy is apparently falling back There has been some skirmishing but no cannonading this morning The country hereabouts is the worst conceivable for field operations It is a wilderness of small growth Over nine tenths of the whole country is a dense thicket impossible to penetrate except where paths are cut The whole number of prisoners taken thus far will reach [illegible]

New York November 30th —The Philadelphia *Inquirer's* correspondence dated Verdiersville [illegible] from Orange Court House furnishes information from the army to Saturday noon 28th At that time our cavalry and artillery were driving the rebels down the turnpike toward Orange Court House and were within eight miles of that place Nothing but skirmishing had taken place since the army crossed the Rapidan Our losses were mostly confined to the cavalry Our left wing extended into the wilderness of Spotsylvania The rebels made but a feeble resistance and fell back wherever they appeared It is reported that the rebel force at Fredericksburg retreated toward Richmond —Thus we hold the roads that run direct from Fredericksburg to Gordonsville We have succeeded in keeping the rebel left from the main army The rains have annoyed the army to a considerable extent but will delay it only a few hours

New York Dec 1st —The *Times* has the following dispatch dated Washington Nov 30th Army [illegible] on Saturday [illegible] early this morning in the direction of Orange Court House The firing was heavy and continued so as to [illegible] the probability of its being a skirmish It was the report that a general engagement was in progress at the time they last heard firing [illegible] afternoon [illegible] was fought between Orange Court House and Chancellorsville Supplies are dispatched to Meade by a new route The weather is frightfully cold

A dispatch to the *World* dated Washington Nov 30th says Nothing [illegible] from the army yesterday The conclusion [illegible] has [illegible] to fall back to save himself from a collision with Richmond [illegible] be the case it is evident that General Meade's plans so far [illegible] working successfully

The *Star* of this evening says Even if Meade should be defeated in battle he could easily fall back to Fredericksburg where he could receive supplies It may be added that the Government has not received one word from Meade since he left Culpepper

The *Herald* has the following dated Rappahannock Station Nov 30 [illegible] Mail communication with the army has not been resumed over the route and probably will not be No wounded men have been brought in from the army and no hospital arrangements have been made Wednesday Nov 25th Very heavy cannonading was heard this morning but ceased after midday in the direction of Chancellorsville No firing was heard yesterday It is the belief that a general battle has been fought

An order has been issued by Meade forbidding correspondents from leaving the front or communicating with the rear

Reports from Headquarters state [illegible] heavy fighting [illegible] of the Third Corps on Friday [illegible] exaggerated especially as to the number [illegible]

[illegible]

THERE is no other way to cure diseases but by first **purifying the whole system so as to create a healthy circulation.**

The first medical men of the age agree with us that no disease of any extent can be cured without using such medicines as will act directly upon the blood. Why many medical men have failed to cure chronic diseases is, because the medicines used have not been such as will act beneficially on the blood

The many thousands of bottles which have been used by the public, and the many gallons and barrels supplied to the physicians, warrant us in saying that the last two years we have been more successful with our **Scovill's Blood and Liver Syrup in curing hopeless cases of chronic diseases** than have any other remedies in the hands of physicians, or before the public

It is now admitted that no combination known to the profession, acts so promptly upon diseases as our SCOVILL'S BLOOD AND LIVER SYRUP.

CIRCUIT COURT DECISIONS.—Judge Shattuck has decided in the matter of the Portland and Milwaukie MacAdamized Road Company, plaintiff, against certain share holders, defendants, as follows:

In Sherlock and C P Bacon, for recovery of 5th and 6th assessments of said Company, $300 each. Defence sets up that the assessments upon their ten shares, valued at $1,000, are not for the purposes originally designed by the Corporation, but for the purchase of a rock-crushing machine with the exclusive right to use the same in the city of Portland, and any where within ten miles thereof, and the erection of buildings, saloon, &c, on the road near the Ferry, opposite Milwaukie. The Court rules that the machine and buildings aforesaid were not foreign to the purposes of the Company plaintiff, but absolutely needful and advantageous to the furtherance and progress of their operations, and therefore finds for the plaintiff in the sum of $403 33, including interest.

In Austin, for recovery of one half of the whole of the 6th assessment of the Company on ten shares of capital stock of defendant. Judgment for plaintiff in the sum of $302 50. Defence and ruling the same in both cases. Strong, Holbrook and Page for plff, Williams for defts

MASONIC ELECTION.—Portland Royal Arch Chapter No. 3, last evening, elected the following officers for the ensuing Masonic year: A Graham, M. E H. P.; John H Couch, King; J B. Congle, Scribe; J C Ainsworth, Treasurer; B F Goodwin, Secretary; Thompson, C of H.; P C Schuyler, Jr; J W. Cook, R A C; O B Gibson, G M of 3d V; H H Black, G M of 2d V., King, G. M. of 1st V., A G Walling,

FROM PACKING TO BANNOCK.—We learn that several gentlemen, proprietors of large trains, who have been in town recently, have completed arrangements to keep the trail over the mountains free for travel all winter, and pack from Umatilla through to Bannock regularly. The charge for freight now is cents per pound.

BILLIARD MATCH.—The match game of billiards for $250 a side, between Robinson and Smith, best 600 out of 1000 points, was won by Robinson. The largest score was 57. We have been furnished with the details of the game, but the length of our dispatches prevents a publication of less important items

GOLD DUST.—Full one hundred and sixty thousand came down on the *Wilson G. Hunt* last night in the possession of three parties. How much was held by the other twenty-three passengers was undeterminable. Mr. West, Messenger for Wells, Fargo & Co.'s Express, had ... pounds.

LECTURE THIS EVENING.—A lecture will be delivered before the Concordian and Washingtonian Societies—comprising pupils of Portland Academy—by Hon. Amory Holbrook, in the Chapel of the Academy, this evening. Friends and patrons are cordially invited to attend.

ROSECRANS BEFORE THE LATE BATTLES.—On the day general orders were issued to be ready to move, at headquarters at an early hour, and by daylight on the morning of the 19th Gen Rosecrans and staff were gathered around the great fire which had been built, each well wrapped up in his overcoat, for it was bitterly cold for the season. The General, who had been up all night, was seemingly ill, indefatigable as ever, had donned what his staff called "his fighting coat"—a great coat of a style in common use among the private soldiers. He had early slung the canteen of his orderly around his own neck, and thus, said his staff, he ... I watched and studied his manners, mount... He was to me that morning an interesting study. I had found him in a new character. He has distinct characters which require three distinct circumstances to reveal. ... as at Murfreesboro', lively, good natured, pleasant and agreeable, fond of social intercourse, conversations, he had grown painfully ... who approached him with reverence for the great warrior, for he could see no traits in his movements during his manœuvres I ... quick, lively, yet severe, his nerves strung to their highest tension, and somewhat disposed to ... over his plans and calculations, he creates ... for a curiosity as to his real nature, and bewildered in seeing the opposing traits ... But on the morning of the 19th, when ... that that everything was narrowed down to engagement, his manner assumed a frigid dignity ... was painful. He spoke in low tones ... not pleasant, nor harsh nor rough ... become solidified, as he is a man of ... everything and knows nothing. You ... he looks at you a moment and then ... Alltinctively felt on that morning ... was not in his approachable humor ... in the oracles, he talked with fate.'—*Cor. N.*

### Detter's Hair Restorative.

LEWISTON Sept 3d 1863

This is to certify that I have used DETTER'S HAIR RESTORATIVE and I take great pleasure in recommending it to the public as a SAFE and EFFECTUAL PREPARATION for the restoration of the Hair. I was nearly bald when I commenced the use of it, and after using two bottles, I find it has produced a fine, healthy growth of hair, and that too, in less than two months. I can heartily recommend it for its great virtues and efficiency.

**Chronic Diarrhœa Cured** by DR. BAKER'S PAIN PANACEA, when everything else had failed.

WESTFIELD Ia June 22 1862

MESSRS A L SCOVILL & CO—Gents: I have been most awfully afflicted for the last three years, with the Chronic Diarrhœa, in its worst form. I have tried more than a thousand prescriptions from numerous physicians and all without the desired effect. My case was said to be hopeless and I believed it myself. I commenced using Dr BAKER'S PAIN PANACEA with but little faith, but I followed the directions given, and to my great surprise the fifth dose had in a measure checked my disease. It has been just ten days from the date of this certificate since I commenced using Baker's Panacea, and I am nearly as well as ever. I am confident one more twenty five cent bottle will entirely cure me. Please accept and use this certificate as you see proper, inasmuch as I owe my life to the inventor of this invaluable Panacea.

Truly yours, DAVID T BOTTS

A Loyal Woman's Work.—A correspondent of the New York *Evening Post*, writing from Milwaukee, September 3d, relates the following:

In glowing contrast to the malcontent Copperheads are the loyal and charitable movements unceasingly on foot for the care and benefit of our sick and wounded soldiers in the field and in hospitals. Sewing societies and concerts, fairs and private subscriptions are flowing in one grateful stream toward the bedsides of our noble heroes who have been glad to do and die for a great cause. There is one little woman who has passed the larger part of the last two years in the hospitals and camps of Grant's soldiers. A few days since she unexpectedly appeared in the midst of her friends here with a rather comical demand for fifteen hundred cows and an unlimited number of chickens, ducks, etc. She had only to state that the "boys" down on the Mississippi were suffering for want of milk and delicacies and the call was instantly filled. A few days saw the requisition on the way for the use of the "boys."

An anecdote is related of this same good lady which is not without point. It seems that General Thomas while making his late visit to Vicksburg, signified his intention one day of visiting the hospitals in one of which our charitable sister was interested.

"I know just how it will be with General Thomas," she remarked to one of the surgeons. "He will march through the place and out again, and will really know nothing about it. I'm going to follow him round."

"You had better not," urged the Major who knew his subject. "You will only get into trouble."

But Mrs. —— was bent on following the dignified General around, and she did, keeping close in his footsteps through ward after ward, until he reached the upper story, and was about to descend, when he found the little woman in the doorway.

"Well, General," she commenced, eyeing rather defiantly a large piece of red tape dangling from his waistcoat pocket, "you have been through the different wards, what do you think of us?"

The Adjutant General was a little frightened, but plucking up courage, replied: "It is all excellent—capital order—regulations perfect; the soldiers ought to be the happiest fellows in the world. It meets my hearty approval."

"Now, that's just what I thought you would say," answered the little lady. "What do you really know about it? You haven't asked a soldier a single question. How do you know if the soup is not burned, if the meat is not bad, the bread sour, or their nurses inattentive, and how much the doctor neglects them? You know just about as much as the inspectors do who are sent down here occasionally by the Government, and that is just nothing at all."

Having thus delivered herself, our worthy heroine wheeled about and trotted down stairs, leaving the Adjutant General completely obfusticated.

A Southern Burlesque.—The Richmond *Examiner* has a very clever burlesque of the straits to which the rebels are being reduced under the title of "A Modest Proposal for the Relief of Richmond." The writer says that by the masterly tactics of Pemberton and Bragg, the confederate lines have been rapidly contracted, and the necessity of defending an immense territory obviated. He learns from the adjutant general's department that this contraction will continue until the area of defence is confined to the compact and powerful triangle formed by Lynchburg, Petersburg and Richmond, and he infers that the entire population of the confederacy will be gathered within these limits and come chiefly to Richmond for protection. He therefore proceeds, being a herring packer by profession and an adept in the business, to propose various means of packing the population. He pathetically exhorts the Richmond people to "cast their bread upon the waters," and if they must starve, "have one grand national starvation and be done with it."

Some of the schemes for accommodating the emigrants to Richmond, estimated at near three millions, are very amusing. He proposes that the negroes shall go naked, be kept warm by hard work in the day time, and be stowed in the cemetery tombs at night. The Yankee prisoners are to be sent to the coal pits and the gamblers and courtesans of Richmond at other places on Belle Island, where they are to be closely confined, and the government to charge an admission fee to outsiders, from which a large revenue is expected. The property of the Jews and Yankee tradesmen is to be confiscated, and they lodged in mills and tobacco houses; the mechanics and artizans, and all poor people, to be lodged in empty casks and tobacco hogsheads. The office holders and better classes are to have the houses of the city. As to food for the multitude, the negroes can eat dirt, or steal better food if they want, the office holders and upper classes are to have all the meats, vegetables, and whisky, and the writer sees no other resource for the millions of common folks but to betake themselves to cannibalism and eat each other up; the Jews, who have eaten the other whites will at least be eaten by the negroes, "so that the dangerous classes will be destroyed at a blow, and nobody be left but government and negroes, and the sociology of the south be established on the only firm basis possible."

The writer fears, however, that the public mind is not yet prepared for the proposition of cannibalism, and therefore suggests for immediate relief a resort to confederate notes, as being both abundant and cheap, and if well greased with bacon rinds and fried in bran, will prove a palatable and uncostive diet. He suggests that Confederate notes will pass in this way if in no other, and it will produce a happy effect on the finances by diminishing the surplus currency. The pasquinade is full of sharp hits at the rebel leaders and under its exaggeration and grotesqueness there runs an obvious current of fact, revealing the thoughts that now agitate the southern people as the prospects of the rebellion darken.

Scene in a Street Car.—The following incident is vouched for by a correspondent of the *Christian Register*:

A daughter of Massachusetts, living in New York, was riding in a crowded street car. An intelligent young soldier, suffering from lameness, was standing. This lady kindly offered him her seat, which he politely declined; whereupon a city dame, occupying the next place, gathered up her robes and scornfully said she thought things had come to a pretty pass when a New York lady offered her seat to a man, especially a soldier.

"Shame on you, madam," rejoined our humane friend, "have you no dear ones in the army?"

"No," was the reply, "my husband should not go."

"Indeed," was the patriotic answer, "I had rather be a soldier's widow, than a coward's wife!"

An outburst of applause greeted the speaker. There was a happy finale to the incident. The lame soldier soon obtained the very next seat to the unfeeling woman who had so insulted him.

Chaff.—When James T. Brady, the celebrated lawyer of New York first opened a lawyer's office he took a basement room which had been previously occupied by a cobbler. He was somewhat annoyed by the previous occupant's callers and irritated by the fact that he had few of his own. One day an Irishman entered. "The cobbler's gone I see," he said.

"I should think he had," tartly responded Brady.

"And what do you sell?" he asked, looking at the solitary table and a few law books.

"Blockheads!" responded Brady.

"Be gorra," said the Irishman, "ye must be doing a mighty fine business—ye ain't got but one left!"

## AYER'S Cathartic Pills

(SUGAR COATED)
ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

**Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.**

FOR THE CURE OF

**Headache, Sick Headache, Foul Stomach.**

PITTSBURG, PA., May 1, 18[illegible]

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,

ED. W. PREBLE, *Clerk of Steamer Clarion.*

**Bilious Disorders and Liver Complaints.**

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., [illegible]

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M. D., *Physician of the Marine Hospital.*

**Dysentery, Relax, and Worms.**

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 18[illegible]

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

**Indigestion and Impurity of the Blood.**

*From Rev. J. V. Himes, Pastor of Advent Church, Boston.*

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct. 2[illegible]

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

**Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.**

*From a Forwarding Merchant of St. Louis, Feb. 4, 18[illegible]*

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

**Rheumatism, Neuralgia, and Gout.**

*From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.*

PULASKI HOUSE, SAVANNAH, GA., [illegible]

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., [illegible]

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

**For Dropsy, Plethora, or kindred Complaints,** requiring an active purge, they are an excellent remedy.

**For Costiveness or Constipation, and as a Dinner Pill,** they are agreeable and effectual.

**Fits, Suppression, Paralysis, Inflammation,** and even **Deafness, and Partial Blindness,** have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

**COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,**

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects, and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by [illegible] consumptions it [illegible] cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that [illegible] the vitals, eats [illegible] of lungs [illegible]

All know the dreadful [illegible] remedy, we need not do more than to assure them it is [illegible] the best it can be. We spare no cost, no care, no toil [illegible] it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
